

# Diagnostic Imaging

You can now have  
**ultrasound  
imaging**  
through PriMED

**Costs less  
than non-PriMED  
facilities**

Three convenient PriMED locations in Centerville, Kettering & South Englewood.

- **Quality imaging, by experienced technicians**
- **Test read by accredited physicians**
- **Results available to your doctor the next day**

## **Your doctor will discuss the test that's right for you**

Unlike x-ray, ultrasound shows soft tissue. It's used for vascular imaging, to check arteries and veins, as well as the abdomen and thyroid.

Most studies require only 30 minutes.

You can be on your way quickly, without the expense and hassle of large imaging centers.

#### **Preparing for your ultrasound:**

- *If your insurance plan requires prior authorization, our staff will submit the request.*
- *Once prior authorization is approved, we will contact you to schedule your ultrasound.*
- *While scheduling with you, we will explain how to prepare for the ultrasound.*
- *On the day of your imaging, please arrive at the imaging location 15 minutes prior to your test.*
- *Your physician's office will contact you with results.*

**The appointment will require between 30 and 60 minutes. You can be on your way quickly, without the expense and hassle of large imaging centers.**
