

Help us help you – tell us your doctor’s name

Your Aetna Medicare Advantage plan doesn’t require you to select a primary care physician (PCP). But it’s helpful for us to know whom you usually see for non-urgent care. Sharing this information with us won’t change your benefits or coverage. It will allow us to work together with your PCP to help you reach your best health.

It’s easy to update your PCP information by doing any of the following:

- Fill out the information below and send it to us.
- Have your PCP complete and submit it on your behalf.

My PCP’s address: _____
