May 21, 2021

Dear Patients and Patient Families:

After 30 years of pediatric practice, I have decided to retire this summer. My last day of active practice is July 31, 2021. It has been my honor and privilege to care for your children, and I will truly miss interacting with each of you.

Since we have moved to our new office in Centerville several of our pediatricians are currently accepting new patients, including Dr. Lisa Klanke, Dr Stephanie Morrison, and Dr. Randy Eisenhut. I am excited to announce that we also have a new pediatrician joining our office at the end of May. Her name is Dr. Divya Thomas. She just finished her training at St. Louis Children's and has three children of her own. I am confident that any of these pediatricians along with our excellent staff will take wonderful care of you and your child.

- Your medical records will remain in our office and be accessible to any of the doctors you choose within PriMED.
- For patients who are over the age of 18, this may be a good time to transfer to a family practice physician. PriMED offers several family practice offices in Greater Dayton, including our Family Practice physicians in Centerville. Please visit [primedphysicians.com](http://primedphysicians.com) for profiles of all our physicians. I will be happy to discuss this with you as well.
- To transfer to a **non**-PriMED doctor, please complete a Medical Records Request form and return to our office. (The form is available on our website and from the office.) It's suggested you contact your health plan to confirm the provider is in your plan's network if you're not staying with a PriMED doctor.

If you have an appointment scheduled with me after July 31, our office will contact you to reschedule. As your family works through this transition, please contact us at 937-291-6850 if you have questions.

I am looking forward to spending more time with family and grandchildren, while enjoying the adventures this next step of life brings. I will forever cherish the relationships I have established with your family, and I sincerely appreciate your trust. I wish you continued good health.

Sincerely,

A handwritten signature in cursive script that reads "Anne Cata".

Anne Cata, MD
