Dear Patients and Patient Families:

After 35 years in pediatric medicine, I have decided that it is time to retire. I will continue seeing patients until September 9, 2021.

This has been a very, very emotional decision for me because I do so love caring for your children, and in some cases, parents when you were children yourselves. What a privilege to have watched you grow into amazing adults.

I will deeply miss my daily interaction and connection with you. I have such joy in seeing the love, wisdom, compassion, and connection that you display to your precious children. It gives me great hope for their future lives. I am very much looking forward to this next phase of life, with my husband, daughters, and our whole family.

Your options for continued care:

- My partners here at PriMED Springboro Pediatrics are currently accepting patients, and you would receive excellent care from them or any of the physicians in PriMED, if they are geographically closer to you.
- If you have an appointment scheduled after September 9, our office will contact you.
- For patients who are reaching adulthood, now may be a good time to transition from pediatrics. PriMED offers several family-practice offices in Greater Dayton. Go to primedphysicians.com for profiles of all our physicians. I will be glad to discuss this with you, as well.
- To transfer to a **non**-PriMED doctor, please complete a Medical Records Request form and return to our office. (The form is available on our website and from the office.) It's suggested you contact your health plan to confirm the provider is in your plan's network if you're not staying with a PriMED doctor.

As your family works through this transition, please call us at 937-748-6116 if you have questions.

I could not have chosen a better vocation, and I feel so fortunate to have truly loved caring for your children; each one has been so special to me. I am so honored to have been a small part of your family's lives. I wish you all such great joy together and will relish seeing you out in the community.

I would so love to have a photo of your family for my memory book if you are able to send one in via mail or in person. God bless all of you, abundantly!

Sincerely,

A handwritten signature in cursive script that reads 'Marie Seiler'.

Marie Seiler, MD
