To All My Patients and Families:

I regret writing this letter to notify you I am unable to continue as your pediatrician. My departure is due to recent back surgery. I am okay, but I am unable to do the lifting, twisting and bending required in pediatrics.

For 38 years I was blessed to do what I so loved. It was a privilege to be able to care for you and watch your families grow. I thank you for giving me that privilege. My departure is effective immediately.

I encourage you to transition your care to another physician at our Centerville office, including Dr. Stephanie Morrison or Dr. Divya Thomas who joined the team in June. I have wonderful partners in PriMED Physicians in pediatrics and family practice, and I know what great patients they will inherit.

- Your medical records will remain in our office and be accessible to any of the doctors you choose within PriMED.
- For patients who are over the age of 18, this may be a good time to transfer to a family practice physician. PriMED offers several family practice offices in Greater Dayton, including our Family Practice physicians in Centerville. Please visit primedphysicians.com for profiles of all our physicians.
- To transfer to a **non**-PriMED doctor, please complete a Medical Records Request form and return to our office. (The form is available on our website and from the office.) It's suggested you contact your health plan to confirm the provider is in your plan's network if you're not staying with a PriMED doctor.

If you have an appointment scheduled with me, our office will contact you to reschedule. As your family works through this transition, please contact us at 937-291-6850 if you have questions.

Please know that you are all in my heart forever. Life is a journey. Never forget that tomorrow is a new day, and never stop believing in yourselves or let the outside world define who you are. God bless you all.

Again, thank you from the bottom of my heart,

A handwritten signature in black ink that reads "Victoria Taylor, MD". The signature is written in a cursive, flowing style.
