

## Our Mission

We are a **compassionate team** of professionals that partners with you.

We honor patients by providing **exceptional care** through innovation, process and integrity.

We strive to “Treat You Well” by simply **doing what’s right** for patients.

## Our Vision

PriMed will be recognized as a national leader in innovative and comprehensive quality healthcare.

We will partner with patients and community so all will experience the highest standard of caring.

We will create and support a healthy and enjoyable environment that will be “the place to work” for the most talented physicians and staff.

## Our Core Values

**Compassion** – We are compassionate and caring for patients and each other.

**Innovation** – We are leaders in the development of efficient processes to address the changing healthcare environment.

**Honesty and Integrity** – We are trustworthy, ethical, always doing what is right.

**Team Work** – Everyone at PriMed is unified to work together to provide the best patient care.

**Accountability** – We take ownership of our actions and uphold our responsibility to patients and community.
